## Settling Estates.

An example of one of the advantages enjoyed by the INDIANA TRUST COMPANY:

The Indiana Trust Company has filed its final report as administrator of the estate of Peter Carson, deceased. The total assets were \$11,700, and expenditures in payment of debts, etc., \$2,556, leaving a surplus for heirs of \$9,144. Commissioner O'Bryan says that on the funds in its hands the company earned during its administration and accounted for \$537, which, he says, was more than sufficient to pay attorneys' fees, administrators' charges and all cost of settling the estate. This the ordinary administrator would have been unable to do, and for that reason is not, by law, chargeable with interest.—Indianapolis News, Jan. 22. News, Jan. 22.

People who employ this company also enjoy the advantages-and there are others. Consultation, which is free, is invited.

APPOINTMENT OF RECEIVERS FOR THE TRUST HURT SPECULATORS.

Trust Shares Led Actively on New York 'Change Yesterday-Local Markets Weak and Dull.

At New York, yesterday, money on call was easy at 2 per cent. all day.

Prime mercantile paper, 3@6 per cent. Sterling exchange was strong, with actual business in bankers' bills at \$4.894@4.8914 for demand and at \$4.88\464.88\\6 for sixty days; posted rates, \$1.89@4.891/2 and \$4.90@ 4.901/4; commercial bills, \$4.871/4@4.871/2. Silver certificates, 60c bid; bar silver, 60c;

Mexican dollars, 481/2c; at London bar silver was 27 7-16d per ounce. Total sales of stocks were 135,439 shares, including: American Sugar, 13,400; Burlington, 3,600; Chicago Gas, 17,000; Distilling, 18,900; General Electric, 8,200; Louisville &

Nashville, 9,600; New Jersey Central, 3,200; National Lead, 3,700; St. Paul, 10,600; South-The fact of the appointment of receivers

ern, preferred, 3,600; Western Union, 3,200. for the Distilling and Cattle Feeding Company, which was known to a few after the close of business Tuesday, became public property yesterday morning through the medium of the newspapers and induced selling of the stock, but only to a moderate degree, less than 15,000 shares having been dealt in up to noon and only about 4,000 shares during the rest of the day. On the early selling the stock declined 1/2 per cent. to 7%, but subsequently recovered the full loss, reacting to 8, and by noon rallying to 814. During the afternoon the shares flucuated between 8% and 8%, closing at the lower figure, being only 1/4 per cent. down

on the day. Severe criticisms were passed by the street on the action of President Greenhut in endeavoring to forestall the stockholders' protective committee in its investigation of the company's affairs, and Judge Grosscup did not escape condemnation for having made the appointments out of court, thereby affording an opportunity for the withholding of the news from the public for the public for the public for the second of the news from the public for the second of the news from the public for the second of the news from the public for the second of the news from the public for the second of the news from the second of the new from the second of the n public for about thirty-six hours. The stock was well supported under the circumstances and the bears were deterred by this fact from putting out many short lines. There will be an active legal fight made by the protective committee for the removal of the receivers. The committee claims to have proxies for a large majority of the capital stock, which have been forwarded to Chinaga to be a stock of the capital stock.

warded to Chicago, to be used for the purpose of the committee at the annual meeting and possibly in court proceedings.

The national financial situation was a source of much anxiety to the operators on on the Stock Exchange and the uncertainty undoubtedly restricted the transactions and undoubtedly restricted the transactions and unsettled the speculation. The announcement that Secretary of the Treasury Carlisie was going to New York to confer with New York bankers was made early in the day and caused discussion as to whether his mission was to prepare the way for a bond issue or to take up the gold shipment question. Subsequently it was learned that Mr. Carlisle was not going, but that Assistant Secretary Curtis was on his way to New York, and it was at once accepted as a fact that he was the bearer of a com-

as a fact that he was the bearer of a commission to treat for the floating of new bonds, which, rumor had it, were to be 4 per cents. The withdrawals of gold from the subtreasury were \$3,600,000, all of which, it is said will be a subtreasury were \$3,600,000, all of which, it is said, will go forward on Saturday next. Considerable discussion was created by the National Bank of Commerce's resolution cailing on the cleafing house association to rescind its rule against the opening of special gold accounts by the banks.

All of the officials of other banks who would speak on the subject condemned the

would speak on the subject condemned the proposition as putting gold in a preferred class of money, and all agreed that if the clearing house should grant the request (of which there is believed to be no possibility), which there is believed to be no possibility), the drain on the treasury gold would be still heavier than it is now. All of these circumstances tended to an irregular stock market, and during the greater part of the day the general list fluctuated frequently between strength and weakness, but toward the close there was fairly good buying, which imparted a strong tone to the final dealings. Compared with Monday's closing figures, the last prices made are ma.nly higher, especially for the active list, but a number of heavy losses were made chiefly in the specialties, notably Mobile & Ohlo, 3'%; Edison Electric, of New York, 3; Hocking Coal, 1%; St. Paul, preferred, 1%; Louisville & Nashville and American Express, 1, and New York Central and Sugar, preferred, %. Among the more important gains are Chicago Gas and Cordage, guaranteed, 14; Burlington, %, and Rock Island and Northwest, %. St. Paul is down %. There was less activity to the trading in bonds to-day and the temper of speculation was generally heavy. Towards the close there was a spurt in some of the speculative issues, but an unsettled tone prevalled at the close. The total sales were \$1.031.500 issues, but an unsettled tone prevailed at the close. The total sales were \$1,031,500.

Government bonds were \$1,031,500.

Government bonds were generally steady, but weak for the fours which have declined \$4,000.

Lambda per cent. on report that the expected bond issue will be of 4 per cents. State bonds were dull.

LOCAL GRAIN AND PRODUCE. Little More Activity in Business Cir-

cles, with Strong Prices. On the wholesale streets and on Commission row more business was in progress yesterday than in any day of the present week. Dry-goods houses had a fair trade, grocers and boot and shoe men had a good day, and leather dealers report trade very satisfactory. The efforts of some weeks past to spring prices on leather have proved fruitless. The poultry market is more active, and hens and chickens advanced 1/2c. Eggs are firm, shippers paying 18c. Butter is in better demand and firm at quotations. In fruits and vegetables firm prices rule if the stock be good. There are Irish potatees and cabbage on the market which have been chilled, as well as oranges, and retail grocers buy cautiously. The hide market is dull and prices weak. Tallow is lower. The local grain market showed a little more life yesterday. Cerealine and hominy mills and starch works are buying more liberally. Prices on track yesterday ruled

Heavy Decline in Values and Decrease

in Numbers Last Year.

CHICAGO, Jan. 30 .- The results of a complete census of farm animals conducted by ery county in the country, appears in this week's issue. The decline in values during the past year is very heavy, the aggregate value of all classes being \$1,922,600,000, against \$2,826,400,000 a year ago, a shrinkage of 15 per cent. The total number of horses on farms is given at 16,082,000, valued at \$678,-807,000, a decline of \$115,000,000 in value; mules, 2,341,000, valued at \$107,574,000; cows, 17,451,630, valued at \$387,576,000; cattle, 32,398,-000, valued at \$458,303,000; sheep, 35,819,000, valued at \$60,738,000: hogs, 47,061,000, valued at \$229,568,000. In milch cows there is a small increase in numbers, while the number of hogs shows an increase of 110,000, but in all other classes of animals there is a decrease in numbers. The heaviest loss in numbers is in sheep, the decrease being 6,3%,000, or 15 per cent., while the aggre-gate value of this class of animals has de-creased \$5,800,00 or 30 per cent. In a singate value of this class of animals has de-creased \$25,803,000, or 30 per cent., in a sin-gle year. In the surplus hog States there is little change so far as hogs are con-cerned from a year ago, but the values are

CHICAGO WHEAT STARTED WEAK. BUT LATER THE PRICE ADVANCED.

Improvement Partly Caused by a Desire of Shorts to Realize Profits on Tuesday's Sales.

CHICAGO, Jan. 30 .- Encouraged by the hope of a speedy relief of the present strained financial condition, Board of Trade speculators to-day closed their heavy liquidation and all the grain markets closed higher. May wheat gained 1/2c, May corn %c and May oats %c. Provisions finished with but little change.

Wheat got a weak start and for a few minutes it looked as if there might be a repetition of yesterday's unloading of the bulls' holdings. Long wheat did not come out, however. The Liverpool market was a shade steadler at 4d advance, but on the other hand the Northwestern receipts for the day were heavier than they were on the corresponding day last year and the Berlin market was 1 mark lower. An impression that Congress would have to do something in line with the President's recommendation was largely helpful. The total receipts at primary markets were only 168,-000 bushels, compared with 231,060 bushels a week ago, and 237,000 bushels a year ago. The advices received here from St. Louis, Kansas City, Detroit and other markets of less importance were that country millers were drawing liberally from the stocks at those places. It was reported also that very much heavier purchases for export were made yesterday at the seaboard than had been given out, the New York takings, it was said, having amounted to 5,240,000 bushels. At Chicago 120 carloads of No. 2 red were reported to have been sold late yesterday afternoon for rail shipments to the seaboard. When later in the day it was wired from New York that Secretary Carlisle was about to arrange for placing \$100,000,000 of bonds at once to relieve the present depleted state of the treasury, the market became quite firm and sold up to 53%e for May about an hour from the close. The opening price was from 52%c to 52%c, as against 52%c bid at the close yesterday. It advanced to 53c, sold off again to 521/2c, improved to 53%c, as already mentioned, and was quiet, but steady at 53%c at the close. Corn was weak for a few minutes at the start, due to the slumpy beginning made by wheat. The former was the first to show a return of confidence and ruled firm all day after the first balf hour of the session. The opening price of May was very irregular, there being sales simultaneously at 43%c and 43%c, principally, however, at the lower quotation. It gradually hard-ened until, just as the market was closing 44944%c was paid. It closed with 44c as the general tracing price. The receipts were light to-day and estimates small for

to-morrow. The general impression among the pit traders was that liquidation by country holders had ceased and that the chances in the near auture were in favor of buying in soft spots. Oats started firmer and remained so durjust after the opening, when the price %c under. The market closed with the high prices prevailing. Business throughout was active. The parties who yesterday forth their best efforts to raid the market were prominent to-day for free buying. The general buying was also good, and notwithstanding the fact that commission houses continued to pour in country long stuff, the market was strongly held. Sympathy with

the neighboring cereals was greatly in-fluential in creating some firmness. May started from 28%c to 28%c, closed down to 28½c and up to 29c, where it closed. The provision market was overwhelmed The provision market was overwhelmed at the beginning by the news from the yards. Instead of 36,000 hogs, as estimated, 43,000 were given as the day's run, and 36,000 as the probable receipts for to-morrow. The opening prices for pork, lard and ribs were at from 5c to 10c below the closing price of the day before, but the rates made at the beginning were at the bottom or nearly so of the day's range. Packers bought at the of the day's range. Packers bought at the decline and took in the course of the day enough to cause a recovery of about all the early loss. In the end pork and lard com-pared with the closing prices yesterday were unchanged and r.bs .021/2c lower. Estimated cars for Thursday: Wheat, 30 corn, 102; oats, 100 and 36,000 head of hogs.

CHICAGO, Jan. 30.—The cattle market was dull and very weak in spite of small supplies. So restricted is the demand that it has been found impossible to keep the yards cleared without a serious sacrifice of prices. While there was no radical change to-day in any grade of cattle, the general market was 15@25c lower than at the close of last week. The highest price paid on Monday was \$5.15 and \$5.55 was the top yesterday, while it is doubtful that anything would have found a buyer to-day at more than \$5. From \$2.50 to \$4.50 bought the bulk of the steers and \$2@3 were popular prices for cows and bulls. The range of quotations for common to choice steers was \$3@5, and for cows and bulls from \$1.25to \$3.75.

The hog market went to pieces to-day. and for cows and bulls from \$1.25 to \$3.75.

The hog market went to pieces to-day. The doubling up in the receipts and yesterday's break in provisions demoralized buyers and sellers alike, and within an hour after the opening of business prices had fallen 20@25c. The best heavy hogs went down to \$4.20@4.25, and choice assorted light receded to \$3.95@4. Common light and rough mixed sold around \$3.75, and the bulk of the sales was at \$3.85@4.20.

In sheep yesterday's estimate was too In sheep yesterday's estimate was too low by nearly half. The market was slow from the start and sales almost without exception were at lower prices. The range of quotations for common to extra sheep was \$2.50@4, though most of the trading was at \$2.75@3.75. Lambs were in demand at \$3.25@4.85, with sales principally at \$4@4.75.
